Objective:

Motivated and talented front-end web developer with a Cert IV in Web Development and over a year of self-study experience.

Seeking a position to utilize my skills in HTML, CSS, JavaScript, Node.js, React, and PHP to create visually appealing and user-friendly websites. Eager to contribute to the success of a dynamic organization.

Relevant Skills:

- * Proficient in HTML5, CSS3, JavaScript, Node.js, React, and PHP.

- * Experience with responsive web design and mobile optimization.

- * Familiarity with front-end libraries such as Bootstrap and Tailwind CSS.

- * Understanding of cross-browser compatibility and web accessibility standards.

- * Knowledge of version control systems like Git.

- * Strong problem-solving and debugging skills.

- * Excellent attention to detail and ability to meet deadlines.

Projects:

- * Developed a responsive website for a local non-profit organization using HTML, CSS, JavaScript, React and Tailwind CSS.

- * Created a portfolio website to showcase personal projects and skills, utilizing React for a dynamic user interface.

- * Portfolio can be found by this link: <https://modern-portfolio-kindjaev.vercel.app>

Self-Study Experience:

- * Dedicated over a year to self-study, expanding knowledge in web development.

- * Completed multiple online courses, including a certificate from Udemy on Advanced Web Development Techniques.

- * Explored various projects, experimenting with Node.js, React, and PHP to deepen understanding and skills.

Additional Skills:

- * Familiarity with Figma, Adobe Photoshop, and Illustrator

- * Basic knowledge of SEO principles and practices.

- * Ability to work effectively in a team environment.
